

Sell Websites Under Your Brand.

We Build Them For You.

ADEUMI WHITE-LABEL WEBSITE PARTNERSHIP

Your brand. Your client. Your pricing. Our delivery team.

Become a White-Label Partner

Add Website Development Without Hiring Developers

Developers Are Expensive

Hiring in-house means payroll, benefits, and overhead.

Delivery Takes Time

Managing technical projects pulls focus from client relationships.

Talent Is Hard to Find

Reliable designers and developers aren't always available.

Capacity Gets Consumed

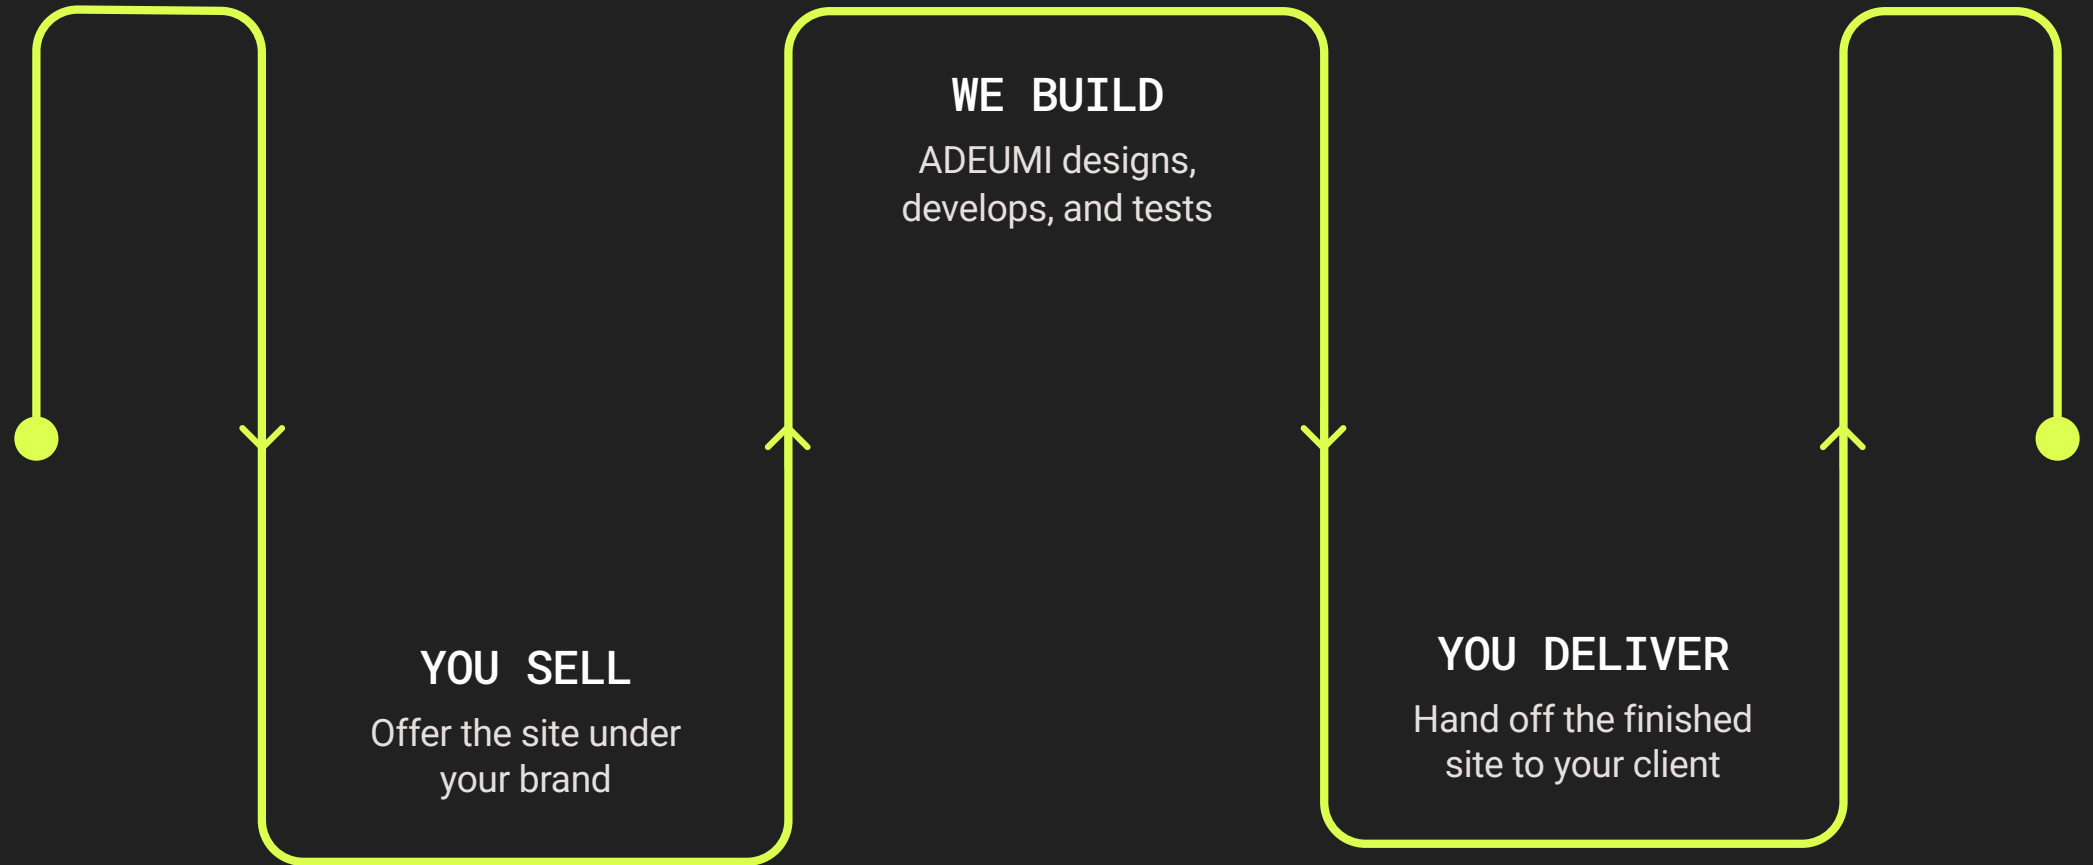

Website projects can overwhelm your existing team fast.

ADEUMI becomes your behind-the-scenes website delivery partner — so you can say yes to every client.

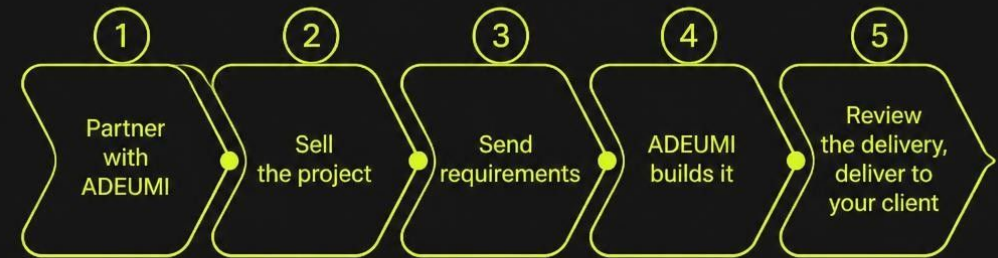

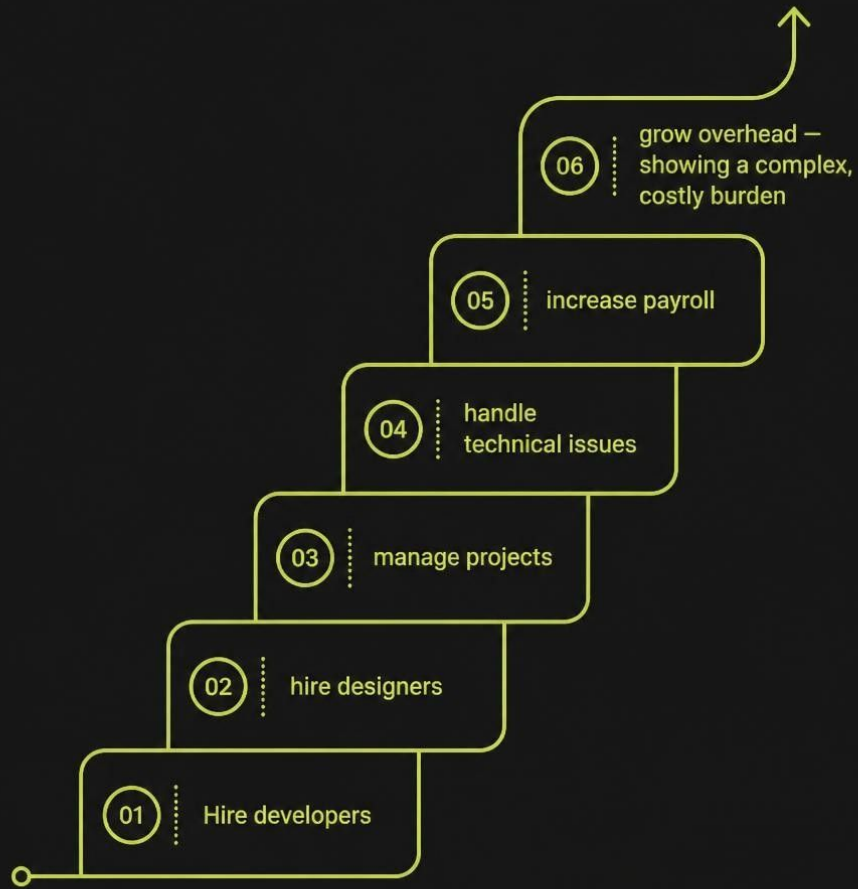

How White-Labeling Works

Your client sees your brand. We stay behind the scenes.

ADEUMI works behind the scenes while you own the client relationship.

No Development Team Required

📌 Turn website delivery into a sellable service — without building the infrastructure yourself.

Don't Sell Our Price. Sell Your Value.

→ ADEUMI Production Cost

Your baseline — transparent and fixed per package.

→ Your Package Design

Bundle, name, and position your own service offer.

→ Your Positioning

Premium agency? Budget-friendly? You choose.

→ Your Client Price

Set what the market will pay — you control the margin.

We provide the delivery capability.
You build the business model.

- Create your own service packages
- Add your own service fees
- Bundle with existing services
- Target different market segments
- Build premium or volume offers

Sell More Than Just a Basic Website

A full suite of white-label website services, delivered under your brand.

Professional Production

Consistent, agency-grade website quality

Scalable Capacity

Handle more projects without growing your team

White-Label Friendly

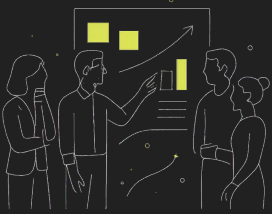

Built for agencies — your brand stays front and center

Project-Based

No retainers, no long-term commitments required

Built For Businesses That Already Have Clients

Marketing Agencies

Add website delivery to your existing marketing retainers.

Digital Agencies

Expand your digital service stack without more headcount.

Branding Agencies

Pair your brand identity work with a matching website.

Freelancers

Say yes to website projects without learning to code.

Business Consultants

Bundle website delivery into your consulting engagements.

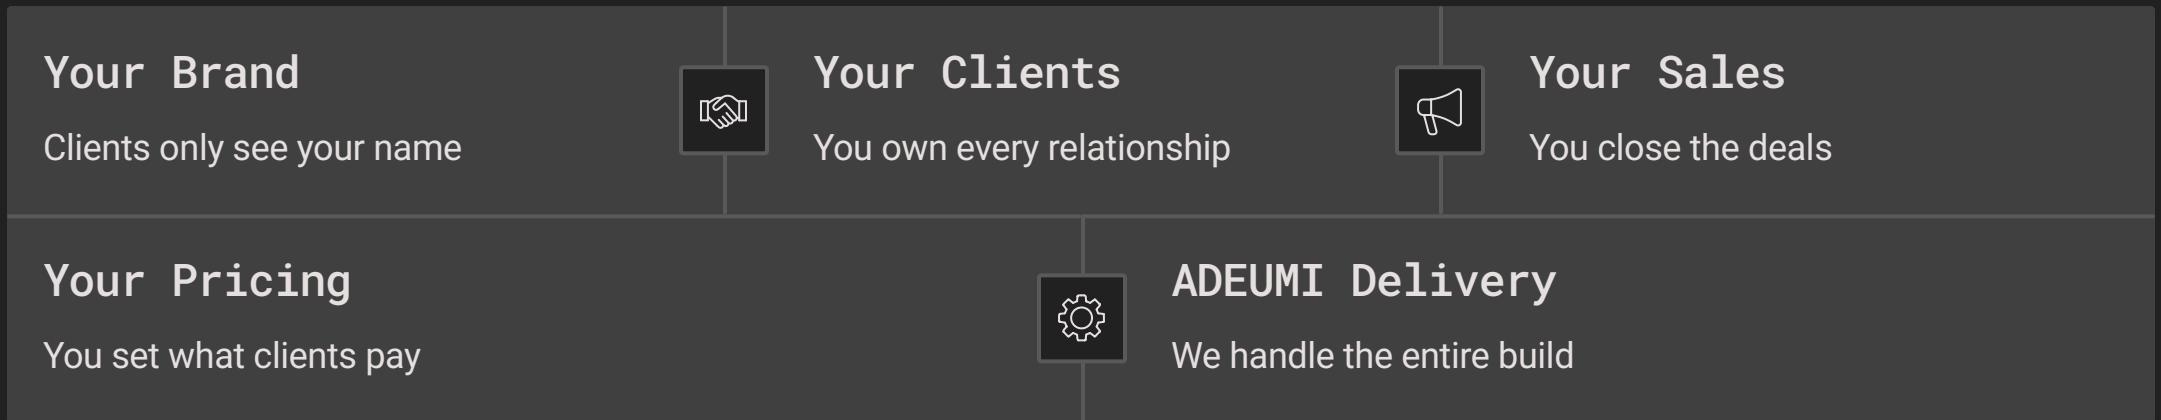

IT Companies

Complement your tech services with professional web presence.

If your clients need websites — you can sell websites.

You Bring the Clients. ADEUMI Brings the Delivery.

= Your New Website Revenue Stream

The Numbers That Make This Work

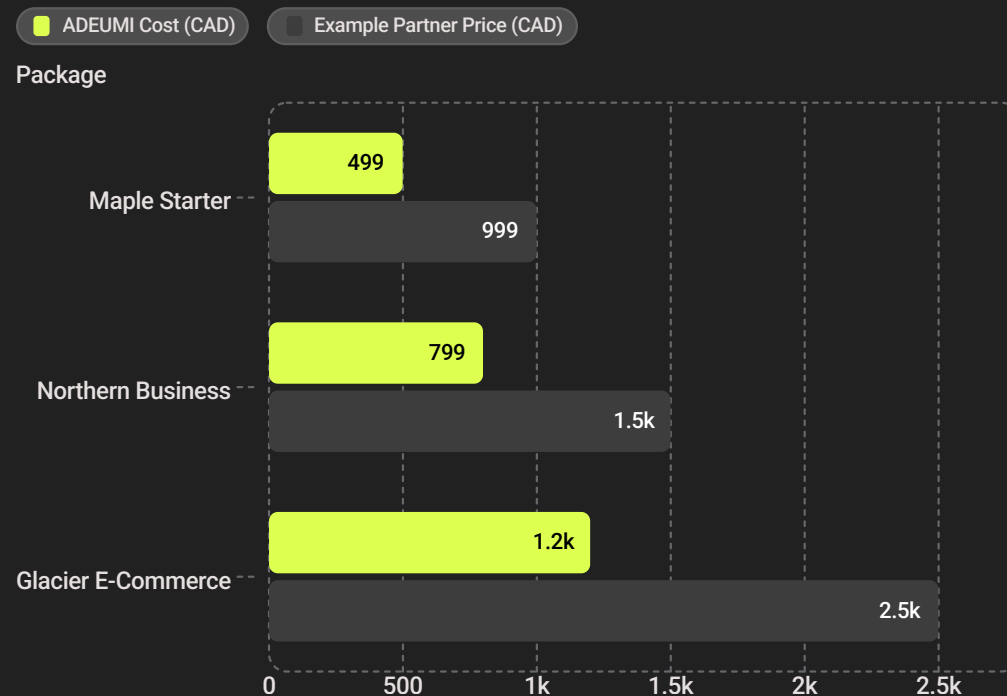

Your production cost is fixed.

ADEUMI's packages are transparent — you always know your cost before you quote a client.

- No surprise invoices
- No scope creep on your side
- No developer negotiation

Your margin is yours to design.

Position as premium, add discovery fees, bundle design — the model is entirely up to you.

Illustrative example prices. Not mandatory. You set your own client pricing.

Frequently Asked Questions

Will my clients know ADEUMI built the website?

No. ADEUMI operates entirely behind the scenes. Your brand is the only one your client sees.

Do I need a minimum number of projects?

No minimums. The model is project-based — engage when you have a client ready to move forward.

Can I set my own client pricing?

Absolutely. ADEUMI's price is your production cost. What you charge your client is entirely your decision.

What do I need to provide to get started?

Project requirements and client brief. ADEUMI handles everything from design through delivery.

Stop Turning Website Opportunities Away.

✓ Expand Your Offering

Add professional website delivery without hiring a single developer.

✓ Keep the Client

You manage the relationship. ADEUMI handles the build.

✓ Set Your Price

Create your own margin. Price for your market and your clients.
